Working Together has been established as an informal network for over 10 years and this is the sixth network to be held in Peterborough. The list of organisations involved is extensive and includes the local statutory and voluntary sectors (including service user-led organisations), current and ex- service users, carers and a range of staff working in mental health services.

The quarterly forums are for sharing information particularly about new developments and about innovative practice in Mental Health. We welcome ideas for future topics.

For further information please contact:
