

# Do you want to find out more about the Peer Support Worker Training that will be established within our Trust?

Under the leadership of Gene Johnson, Recovery Innovations of Arizona, (RIAZ), have developed a number of recovery and peer programs making them world leaders in the development of Peer Support Worker Programmes. Over 2000 Peer Support Specialists have been trained and employed in Recovery Innovations services during the past eight years representing over 72% of the Recovery Innovations workforce.

I have arranged 2 information sessions for anyone who might be interested in finding out more about the training and the future developments. Presentation plus time for question and answers,
