

WORK, ACTIVITY, VOLUNTEERING, EDUCATION AND TRAINING

A proposal has been made to relaunch and re-energise WAVET by working together to become a true Community Forum.

It is believed that this could lead to:

- The possibility of identifying new funding to allow the development of real community partnerships
- Equity of provision and access between rural and city communities
- Parity of access to local community resources
- The development of a shared framework for full social inclusion
- A widening of the membership and of its sphere of influence

We need your ideas and participation - please come and help us to build on the development WAVET has seen over the past year.

Next meeting: Monday, 19th March 2007.
10.00am until 11.30am in the Art Studio
The Cambridge MH Resource Centre,
Norfolk Street. Cambridge.

Yvonne Catlin
Chair of WAVET

Please RSVP to Ken Kettle as I am on annual leave for the week commencing 5/3/07.

Red2Green and RFET Cambridge will be presenting updates at the next Working Together lunch on 16/3/07. A poster is attached to this email.
