Psychiatric Medicines – opportunity to discuss and ask questions of the Trusts Chief Pharmacist - Claire Mundell CPFT

Working Together has been established as an informal network for over 10 years in Cambridge. Due to its success as an initiative there are now Working Together Forums in Huntingdon and Peterborough. The list of organisations involved is extensive and includes the local statutory and 3rd sectors (including service user-led organisations), current and ex- service users, carers and a range of staff working in mental health services.

The quarterly forums are for sharing information particularly about new developments and about innovative practice in Mental Health. We welcome ideas for future topics
